THE SECRET OF CREATING YOUR FUTURE®

Live the life you've always dreamed of

Can you remember a time when you used to dream of how you'd like to live your life? And have you since found yourself trapped by limitations, unsure of how to go forward - almost like a spectator in your own life?

Then it's time to stop living in the past, enjoy now and look forward to a successful future.

In just two days, The Secret of Creating Your Future® Seminar will give you the skills you need to get yourself back on track and start living again. Whether you're looking to achieve the perfect relationship, your ideal figure, to improve your income or accelerate your career, *we'll give you the skills you require to succeed.*

How The Secret was discovered

The Secret of Creating Your Future® Seminar was created by Dr. Tad James, and developed with Dr. Adriana James, world authorities on Neuro-Linguistic Programming (NLP). As a successful coach and highly sought after therapist, Tad recognised the incredible potential of these techniques while privately conducting one-on-one personal breakthrough sessions, and over the years he has expanded and refined his teaching. His initial discoveries were combined with research from some of the world's greatest thinkers including Aristotle, William James, Dr. Milton Erickson, Albert Einstein and Stephen Hawking. Additional research in the fields of neurophysics, quantum biology and NLP helped Tad create a step-by-step program which is quick, effective and easy to use.

"Words cannot do justice to this seminar. It is something you really have to experience. For me, it was life-changing. If you are serious about making your tomorrows better than your yesterdays, I strongly recommend you attend. Thank you for everything, Tad, your methods are priceless!" Mark Stephens, Corporate Trainer

Achieve your highest goals

The Secret of Creating Your Future® process is a proven method for achieving happiness, love, freedom and all the other riches life has to offer. With the right motivation you will be able to change, grow and succeed in your personal and professional life like never before.

Release your past

The Secret of Creating Your Future® process enables you to identify and eliminate everything that's holding you back in life. By releasing the baggage of your past you can learn to enjoy peace of mind, personal success and a life filled with happiness – in other words you can START TO BECOME YOU.

Three powerful reasons to attend

1. Do the things you always wanted to do

What would you like to accomplish in your life? If you could do anything you wanted, what would you do? The Secret of Creating Your Future® Seminar allows you to choose and experience those things you once only dreamed of.

2. Create what you want, now and in the future

What do you want to have in your life? If you could have anything at all, what would you want – emotionally, financially, mentally and spiritually? The Secret of Creating Your Future® Seminar shows you specifically how to choose what is important for you and how to achieve those things you desire.

3. Personal transformation

Nobody is perfect. We all have things we want to change. The question is what do you want to change? What would you like to improve? And how would you like things to be different? The Secret of Creating Your Future® techniques give you the power to make personal changes quickly and easily. You can change your life and you can change yourself. It doesn't have to take months or years. It can take weeks, or days, or no time at all because change happens in an instant.

What makes this seminar so incredible?

The Secret of Creating Your Future® process transforms the way you think. It helps you remove the blocks that prevent you from doing, having or changing what you want. Limiting decisions, limiting beliefs and conflicting values can be eliminated, affording you the ability to make new choices about yourself and your life.
